"Thou art worthy, O Lord, to receive glory and honour and power; for thou hast created all things, and for thy pleasure they are and were created." These words of the Rev. Father are the Golden Text in the Lesson-Sermon on "God the Only Cause and Creator" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.
A Scriptural selection presents these words of David, from I Chronicles: "Thine, O LORD, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O LORD, and thou art exalted as head above all. Both riches and honour come of thee, and thou reignest over all; and in thine hand is power and might; and in thine hand it is to make great, and to give strength unto all. Now therefore, our God, we thank thee, and praise thy glorious name."
In one of the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is the statement: "Unfathomable Mind is expressed. The depth, breadth, height, might, majesty, and glory of Infinite Love fill all space."

Questionable Job Claims Cause of Complaints

SACRAMENTO, JUNE 2—The State Department of Employment this week gave added impetus to its task of breaking loose a group of questionable claims for unemployment compensation. Carl E. Hyde, executive-director, issued instructions that checks be written on valid claims in this group, numbering about six percent of the total filed, as rapidly as possible.

His instructions followed action of the Unemployment Review Commission in a recent meeting here regarding the claims on which some doubt was cast for a number of reasons, including inadequate earnings reports, wrong or misleading social security numbers, missing addresses and errors in name.

"Non-payment of these claims," said Hyde, "while the Department carried out further investigation to determine if they were definitely payable, has caused 39 percent of the complaints on the part of applicants that they were not receiving compensation on a valid claim."

"Actually, complaints have been minimal compared to the total claims on which we are paying at the present time. Our statistics indicate better than 50 percent of the people who applied for benefits are receiving the same on a regular basis, another 20 percent have no money coming as yet because of the waiting period, and 24 percent we know definitely have no valid claim. This leaves only six percent on which there is any question whatever."

Eight Patients Enter Hospital

Eight patients were received during the past week at Torrance Memorial hospital. Late last Wednesday Patricia Geniece Doan, 15-year-old daughter of Mr. and Mrs. Lyle C. Doan of 2223 Torrance boulevard underwent an appendectomy. She is reported making a good recovery.

Other patients are: Charles D. Goldmeyer, 1751 Andrews, father of Mrs. Neil J. McCongole, began receiving medical treatment last Thursday. Mrs. Alice Ferguson, 1006 Sartori, underwent an appendectomy last Monday.

Kiyoshi Kato, 3436 Newton street, Walteria, has been receiving medical treatment since last Thursday. Mrs. Myrtle M. Smith, Hermosa Beach, entered Tuesday for medical attention. Mrs. Mary L. Stier, 2141 West 240th street, was received Friday for medical treatment, and Mrs. Viola Ward, Redondo Beach, entered Tuesday or surgery.

Militant Candidate

CARL S. KEGLEY
... coins 'corporocracy'

Keying his campaign to the slogan "Democracy, not Corporocracy," Carl S. Kegley, militant Los Angeles attorney and civic leader, is a candidate for attorney general on the Democratic ticket. He has been a leader in civic and good government organizations since his return from France in the World War in which he served as second lieutenant. He was one of the organizers of the Minute Men and the Los Angeles Junior Chamber of Commerce and served as its third President.

"The issue in the present campaign is Democracy vs. Corporocracy," Kegley declares. "The people of California, after seeing their state controlled by powerful financial interests for many years, are prepared to re-assume the rights of government which properly belong to them. They cannot do so without an attorney general who is actively opposed to special privilege."

Horses and Buggies Scarce
TULARE, (U.P.)—To help carry out its theme parade for the Golden Jubilee of this city, it was necessary to advertise to obtain a horse and buggy for the affair.

being made up of delegates to our own third national convention opening June 19 at the Coliseum.

At our last meeting, our secretary, Mrs. Lura Davis, read a fine report on the birthday party and program. She is expecting to entertain some guests from Colorado in June who are coming here for the convention.

Mrs. Lula Kent, by request, sang some old-time folk songs. The Townsend badges were received and many were sold that evening.

DETOUR
Col'm Under Construction
By BETSY BYRNES

With nature you commune,
You even sing a tune
And rave about the moon
Because you're glad it's June!

Seriously, though, June is a great month, isn't it? The time of roses, weddings and graduations.

QUESTIONS
What is the difference between a calabash and a calaboose? (Silly question, but do you know the answer?)
What is the highest mountain in North America?
Fresno is a nice town and it gets plenty hot there in summer. What does Fresno mean, translated into English?
TODAY'S PROVERB
Two dogs and a bone,
Two cats and a mouse,
Or two wives—
Will never agree in a house."

ANSWERS
A calabash is a gourd, or a kind of a tree, and a calaboose is a jail.
Mt. McKinley, in Alaska, is the highest mountain in North America. It is 20,300 feet high. Some of our own California mountains are pretty high, though—at that—Mt. Shasta measures 14,380 feet and Mt. Whitney is 14,502.
Fresno is a Spanish word. It's English equivalent is "ash tree."
ADIOS
"Count that day lost whose low descending sun Views from thy hand no worthy action done."

Townsend Club Activities
By BETH PAIGE

We were very pleased to see Mark Lister of our advisory board recently. He is able to ride, but still suffers a good deal, still keenly interested in the club however.

Last Friday evening saw a wonderful turn-out of members all over Los Angeles and county at the Brot Harre school, 92nd and Hoover. Members of the convention committee reported briefly for each department.

Madame Mamic Stark and her accompanist, Mrs. Burnham, added greatly by their musical talents to the evening's enjoyment. So also did the "Kitchen Synopsors" from Inglewood, prize winners in a recent contest of musical aggregations, and were an eye-ful as well as an earful, uniforms in dainty green with glistening head pieces of new funnels, topped by very white plumed dish-mops, and with all instruments made of kitchen tools, they proved most interesting and had to respond to repeated encores.

The chairman of the evening was our own Fred Wagner. He introduced Richard Steele of the Associated Press news bureau, who gave an analytical speech on the forces for and against the Townsend movement in America.

The huge audience gave Dr. E. E. Townsend a rising ovation; the keenest interest and enthusiasm welcomed him and his report of Townsend work in other states and the trailroads in California.

Resigns to Run

JOHN T. RAWLS
... would New Deal Sacramento

Resigning Tuesday as deputy collector of Internal Revenue service, John T. Rawls, former Democratic assemblyman for the 68th district, announced the following day that he would be a candidate for his former seat in the state legislature at the August primary election.

Rawls served as assemblyman for this district in the 1932-34 terms of the legislature and was short only 150 votes for the Democratic nomination in the 1936 campaign. He has been employed in the Internal Revenue department since the first of the year.

"A New Deal at Sacramento," was the campaign slogan sound today by Rawls, "with equal rights for all and special privilege to none." He was the first Democratic assemblyman elected in this district in more than 50 years.

Local Men Assist In Tourist Plans

The "typical tourist family" which is being entertained today on a Southern California "dream trip" as a feature of Southland "Hospitality Day" will tour Los Angeles harbor as guests of the combined Torrance, Wilmington, San Pedro and Long Beach Chambers of Commerce.

The All-Year Club is directing the honored guests' two-day visit to all points of interest in Southern California and DeKalb Spurlin, who is regional director of the club, arranged for the harbor tour by launch. In the party which is escorting the "typical tourists" today is Mayor Tolson and L. J. Gilmeister.

OBITUARY

PATRICIA IRENE MORIN

Boys will make noise, but in a refrigerator I demand permanent silence!

COMFORT alone would be a good reason for owning the automatic refrigerator that is silent. But there's an even more important reason: the gas refrigerator makes no noise because it has no moving parts in its freezing system. And parts that do not move can not wear. That's why gas refrigerators bought today will be operating like new even twenty years from now. See the latest models of the gas refrigerator, Servel Electrolux, at dealers' or gas company showrooms.

Townsend Needs 17,000 More Voters

Unless some 17,000 more register as members of the Townsend party by June 16, the more than 6,000 already registered under that party designation in Los Angeles county will not be eligible to vote in the August primary, the county counsel's office ruled this week.

The law requires a total registration of 23,610 for any new party to have a vote in the primary elections. Only other method by which a new party may get on the ballot is by petition bearing 236,012 voters' signatures and presented to the secretary of state by June 16.

The Democratic registration in the county has gained 5,770 since March 1, to a total of 742,644 while Republicans have lost 929, leaving a total of 442,053.
